707 Spirit 40 Park Drive, Suite 150, St. Louis, MO 63005, United States

Natural Care Plant Based URINE Stain + Odor Destroyer

Dilution Rate (oz./gal.): Ready to Use

Cleaning Instructions:

Before Use: Remove excess solid or liquid waste. Shake well and test for colorfastness on hidden area. DIRECTIONS FOR USE: Saturate the soiled area. When treating spots on carpets, cover twice the size of the mess and be sure to saturate the carpet backing and padding. Wait 10 or more minutes for the Pro-Bacteria™ technology and enzymes to break down the organic proteins. Blot excess moisture with a color-safe cloth. Allow the area to dry naturally, which may take 24-48 hours. When dry, the stain and odor will disappear. If the area is dry but an odor persists, the odor source was not completely penetrated. Re-treat and be sure to completely saturate the soiled area to penetrate the odor source. After use, wash hands with soap and water.

Cleaning Solution Program

Certification From: 01/27/2025

Type: Pet Stain and Odor Remover

Certification Expiration: 06/30/2026

THE CARPET AND RUG INSTITUTE
